

Jack Frost Series - 2017/2018

Courses - Amendment 1

We will be using a robotic racing mark, called **MarkSetBot for the weather mark**, instead of an orange inflatable for the Jack Frost race on November 4th. Below is a picture of the mark.

If the mark malfunctions before or during the race it will be replaced with the usual orange inflatable mark. The race committee will inform racers about any changes to the mark via radio channel 66.
